

MIGHTY DRY DEHUMIDIFIERS

2 YEARS WARRANTY

Industrial and commercial applications need industrial and commercial equipment. That's exactly what we make. You don't want over priced, over complicated machines that break down regularly or cheap sub standard kit that isn't built for the abuse of heavy use, what you need is reliable, unfussy equipment that works first time every time, time after time after time. That's exactly what we make. Plug it in, switch it on and leave it; that's it.

Perhaps the only range on the market to be designed specifically from the customers point of view, Mighty Dry is a result of decades of experience in dehumidifier manufacturing not hours of internet research into cheap imports. Mighty Dry dehumidifiers are designed, engineered and built to give value for money by offering unrivalled reliability with a tough steel case to take the knocks of industrial use, compact sizes that won't take up the whole van and powerful extraction rates to minimise drying times. They're fully serviceable with full spare parts availability and backed up with a 2 year warranty and have a range of additional extras such as hour counters, condensate pumps and dual voltage.

CR 40

Extraction	11.25L/24hrs @ 70%RH/20°C 38.01L/24hrs @ 100%RH/35°C
Supply	110v or 230v/50Hz/1ph (Dual voltage available)
Nominal Running Current	1.3A (230v)
Dimensions	545x370x320
Weight	23kg

Optional extras: Humidistat, Hour Counter, Dual Voltage, Condensate Pump.

CR 70

Max Extraction	25.5L/24hrs @ 70%RH/20°C 70.65L/24hrs @ 100%RH/35°C
Supply	110v or 230v/50Hz/1ph (Dual voltage available)
Nominal Running Current	3.6A (230v)
Dimensions	770x445x470
Weight	36kg

Optional extras: Humidistat, Hour Counter, Dual Voltage, Condensate Pump.

CR 170

Max Extraction	51L/24hrs @ 70%RH/20°C 169L/24hrs @ 100%RH/35°C
Supply	110v or 230v/50Hz/1ph
Nominal Running Current	10A (230v)
Dimensions	1180x680x665
Weight	68kg

Humidistat, Hour Counter, Condensate Pump, & Dual Voltage Supply fitted as standard
